

I-Tree.edu Work Plan

HOW

WHAT

WHO

Interview national partners (Arbor Day Foundation, USFS, Casey Trees, Davey Trees, and any others) and state partners including PLT state GreenSchools! partners – KS, KY, WI, etc, to determine usability needs for the iTree.edu website. Determine the capabilities of the existing iTree site that can be used for the iTree.edu webpage.

Prepare educational curricula for three levels of student interest; Elementary, Middle and High School. To include linkage to National Standards and learning goals.

Prepare and produce Manuals and associated resources for Instructors and Students, based on the educational curricula recommendations and framework.

Design, launch and maintain the i-Tree.edu website and associated Instructor Support Forum and Support Library & Archive.

Prepare short video segments to support activities outlined in the Manuals and educational activities.

1. Needs Assessment
